

WILL BEGER

Will Beger and his contemporary-minimalist paintings take on an entirely unique approach to southwest art. Influenced by his youth and inspired by nature, he effortlessly captures a vibrant, bohemian aesthetic that is unapologetically true to his inner child. Through stark contrasts between bold, monochromatic backgrounds and subject matter, Beger paints for himself, while also seamlessly connecting with anybody and everybody.

Beger says of his art, "Doing unexpected, unscripted and original things gives me satisfaction. Plants, fruits, animals, and geology inspire the bulk of my style. Growing up in the desert, I have a lot of love for the Southwest. I try to add a modern twist to the rich history of Southwestern art. "

Will Beger was born and raised in Arizona. He is a fourth-generation Arizonan. Inspired by the Southwest, he started painting recreationally when he was 15 years old. He graduated from The University of Arizona with a degree in Agricultural Business and Natural Resource Economics with an emphasis in Geology.
